

How can I cancel my PMI before auto termination?

Options for investment properties.

Does not include single family or second home. This does include primary residence with 2 to 4 units.

| 1. Auto termination | Occurs when your loan reaches the scheduled midpoint date. This means if you have a 30-year loan, this will occur at the 15th year. Your loan must be current the month your loan reaches the midpoint date. If your investor is Freddie Mac (FHLMC), Freddie Mac does not allow for auto termination. | | | |

| 2. Early termination based on original value | PMI won't be waived based off of the original value of the account. Investment properties and 2 to 4 unit family homes are not covered under the Homeowners Protection Act | | | |
| 3. Early termination based on current value Your options vary depending on the investor for your loan and if you have made significant improvements to the property. A Broker Price Opinion (BPO) or an appraisal is required to verify that your property value hasn't declined.
