#### RATES IN EFFECT AS OF: Friday, May 24, 2024

We use two terms to explain how much interest we pay on your deposit accounts.

- Interest Rate: Annualized percentage rate we pay on your account, and does not reflect compound interest, which is any interest paid on interest you've earned.
- Annual Percentage Yield (APY): Annualized percentage rate we pay on your account, and includes compound interest. APY may be higher than the Interest Rate due to compound interest.

## **CERTIFICATE OF DEPOSIT (CD) & RETIREMENT CDs**

CD and Retirement CD relationship rates are available to customers with a linked Chase personal checking account. We no longer offer new Retirement CDs. Interest is compounded daily and you may choose to have interest paid on your CD, depending on the term, either monthly, quarterly, semiannually or annually and at maturity. The APY is based upon the maximum term of deposit for each maturity range. There is a penalty for early withdrawal. In the below chart, term change occurs when a CD matures and you change your CD term as part of renegotiation.
