<i>Other</i>	<p>The Business Associate Debit Card may be issued only to an employee of the business, but not a signer already on the account, allowing the employee to deposit, withdraw and purchase, drawing from a primary Business checking account. An employee is defined as a full-time or part-time employee of a business or a contractor for which our client files 1099 reporting and not a client or tenant of the business. The signer can set limits on the card in \$100 increments, from \$100–\$1,000 (not including fees) for withdrawals and \$100–\$5,000 for spending. However, the business is responsible for all charges and withdrawals made by the employee. Associate Cards cannot be shared by employees and must be closed once an employee leaves the business or the contractor relationship is terminated</p> <p>Card will not reissue at expiration date. For a new card, the signer will need to supply the employee's legal name, residential address and date of birth for card opening, and the employee's legal name and the company name will emboss on the card</p> <p>Up to an additional three (3) Business checking and up to five (5) Business savings accounts may be linked to a Business Associate Card. When the signer performs any additional linking, beyond the primary Business checking account, the employee will automatically gain the additional ability to transfer funds between any and all accounts their card is linked to, as well as deposit to and, subject to the limits you set, withdraw funds from these additional accounts</p>	<p>The Business Employee Deposit Card may be issued only to an employee of the business, but not a signer already on the account. An employee is defined as a full-time or part-time employee of a business or a contractor for which our client files 1099 reporting, and not a client or tenant of the business. Each card will permit an employee to make deposits into a Business checking or savings account via an ATM or at a Chase branch. The card will not permit the employee to obtain account information, make withdrawals or take any other actions, including performing account maintenance. Business Employee Deposit Cards cannot be shared by employees and must be closed once an employee leaves the business or the contractor relationship is terminated</p> <p>Card will not reissue at expiration date. For a new card, the signer will need to supply the employee's legal name, residential address and date of birth for card opening and the employee's legal name and the company name will emboss on the card</p>

### Footnotes: Business Fee Schedule

- 1 Does not apply to Chase Platinum Business Checking, Chase Performance Business Checking, Chase Performance Business Checking with Interest, Chase Analysis Business Checking or Chase Analysis Business Checking with Interest.
- 2 Does not apply to Chase Analysis Business Checking and Chase Analysis Business Checking with Interest.

## Deposit Account Agreement – Card Purchase and Withdrawal Limits

Limits are based on the card you use and which type of ATM you use.

<b>DAILY LIMITS</b>				
<i>Card Type</i>	<i>Purchase Limit</i>	<i>Chase In-Branch ATM Limit</i>	<i>Other Chase ATM Limit</i>	<i>Non-Chase ATM Limit</i>
<i>Chase Business Debit Card Chicago Skyline Business Debit Card (IL only)</i>	\$10,000	\$3,000	\$1,000	\$500 (\$1,000 for accounts opened in CT, NJ, NY, TX)
<i>Chase Platinum Business Debit Card</i>	\$15,000	\$3,000	\$3,000	\$1,000
<i>Chase Business ATM Card</i>	\$0	\$3,000	\$1,000	\$400 (\$1,000 for accounts opened in CT, NJ, NY, TX)

These are the standard limits that come with your card, but you can request a different ATM or Purchase Limit (subject to approval).

When you use a Chase ATM it is either considered an In-Branch ATM or Other Chase ATM.

- **Chase In-Branch ATMs** are ATMs located inside the main area of a Chase branch that you use during the branch's posted business hours.
- **Other Chase ATMs** include ATMs located inside the main area of a Chase branch that you use outside of the branch's posted business hours, ATMs that are separated from the main area of a branch by another set of doors, drive-up ATMs and other Chase ATMs not located in or near a branch.

The Chase In-Branch ATM Limit is separate from all other limits, which means that withdrawals at a Chase In-Branch ATM do not count towards a cardholder's Other Chase ATM or Non-Chase ATM Limits for the same business. When you use a Chase In-Branch ATM, all withdrawals made with any of a cardholder's ATM or debit cards for the same business count toward every card's Chase In-Branch ATM Limit.

When you use an Other Chase ATM or a Non-Chase ATM, all withdrawals count toward the Other Chase ATM Limits for all of a cardholder's ATM or debit cards for the same business and count toward only that card's Non-Chase ATM Limit.

### **Special rules for Business Associate Cards:**

The Associate Card has daily limits for ATM withdrawals and purchases which are set by the account owner (not to exceed \$1,000 for ATM withdrawals and \$5,000 for purchases). Withdrawals at any ATM count towards the daily limit, and Associate Card withdrawals do not count towards the cardholder's limit on other cards.

# CHASE BUSINESS OVERDRAFT SERVICES

An overdraft occurs when you don't have enough money available in your checking account to cover a transaction. We have a Standard Overdraft Practice that comes with Chase business checking accounts and also offer Overdraft Protection and Chase Business Debit Card Coverage, which are optional services that can help pay overdrafts when they occur.

## STANDARD OVERDRAFT PRACTICE:

*Included with Chase Total Business Checking, Chase Performance Business Checking, Chase Platinum Business Checking, Chase Analysis Business Checking and interest-bearing counterparts (where applicable).<sup>1</sup>*

### WHAT IT IS:

Our Standard Overdraft Practice may pay, for a fee, overdraft transactions at our discretion based on your account history, deposits you make and the transaction amount. We do **NOT GUARANTEE** we will always pay your overdraft transaction, and if we do not pay your transaction, the transaction will be **declined** or **returned** unpaid.

### WHAT IT PAYS:

- Checks
- Automatic Payments (e.g. recurring phone bill, utility bill, recurring vendor payments)
- Recurring debit card purchases (e.g. subscriptions)
- **NOT** covered: Everyday debit card transactions (e.g. office supplies, everyday expenses)

### WHAT IT COSTS:

- **If Paid: \$34 Insufficient Funds Fee per item<sup>2</sup>**
- **If Check or Automatic Payment is Returned: \$34 Returned Item Fee<sup>2</sup>**
- **If recurring debit card transaction is Declined:** Transaction will NOT go through and you will NOT be charged a fee
- Maximum of 6 of either of these fees per day, for a total of \$204
- These fees are not charged if your account balance at the end of the business day is overdrawn by \$5 or less, or for items that are \$5 or less

## Posting Order

Generally for each business day Chase will:

**FIRST:** **Add your deposits** to your account.

**SECOND:** **Subtract wire transfers**, everyday (not recurring) debit card transactions, online banking transactions, ATM withdrawals, teller cash withdrawals, and checks you write that are either cashed or deposited at a teller station by a Chase employee, in the order in which they are authorized, withdrawn, cashed or deposited.

**THIRD:** **Subtract all other items**, including checks you write that are either cashed or deposited at an ATM, starting with those having the highest dollar amount and moving to the lowest. We reserve the right to use a different order in certain states.

<sup>1</sup> Returned Item Fees may apply.

<sup>2</sup> The Chase Platinum Business Checking account waives one Insufficient Funds Fee and one Returned Item Fee per monthly statement cycle. Returned Deposited Item or Cashed Check Fees are not charged on Chase Platinum Business Checking. Please speak to your banker to learn more.

## OVERDRAFT PROTECTION:

---

**WHAT IT IS:** Allows you to link an Overdraft Protection backup funding account—a Chase business savings account or a Chase business line of credit—to your checking account to help pay any overdraft transactions that may occur. The exact amount needed to cover the transaction will be transferred if enough funds are available.

---

**WHAT IT PAYS:** **All transactions**, including everyday debit card transactions

---

### WHAT IT COSTS:

- There is not a fee for an Overdraft Protection transfer; however, an Overdraft Protection transfer counts toward savings withdrawal limits:
  - A **\$5 Savings Withdrawal Limit Fee**, which is a Chase fee, applies for each withdrawal or transfer out of a Chase business savings account over six per monthly statement period. All withdrawals and transfers out of your business savings account count toward this fee, including those made at a branch or at an ATM
  - **Federal Regulations** also limit you to six savings account withdrawals or transfers per monthly statement period. However, this limit does not apply to withdrawals or transfers made in person at a branch or at an ATM. If you exceed the federal limits on withdrawals, we will notify you and may convert your savings account to a Chase Total Business Checking account
- Business Line of Credit Transfer: You will pay interest as stated in the Line of Agreement

**Establishing or Canceling Overdraft Protection:** Any owner of both the checking account AND the backup account may enroll in Overdraft Protection without the consent of other owners. Any owner of the checking account OR the backup account may cancel Overdraft Protection without the consent of other owners. A backup account can provide Overdraft Protection for more than one checking account, but a checking account can have only one backup account. A personal checking account may be linked to a Chase personal savings account; and a business checking account may be linked to a Chase business savings account or a business line of credit in good standing. We may cancel your Overdraft Protection service at any time by sending you written notice. Your request to add or cancel Overdraft Protection will become effective within a reasonable time after approval.

**Transfers:** We will make one Overdraft Protection transfer per business day. If you have enough available funds in your backup account, we will automatically transfer enough to bring your checking account balance to zero. If you do not have enough available funds in your backup account to bring your checking account balance to zero, but you have enough available funds to pay one or more transactions and/or your previous day's negative balance, we will transfer that amount. If the amount transferred does not bring your checking account balance to zero, your checking account will become overdrawn and you may be charged Insufficient Funds or Returned Item Fees. If we authorize your transaction, we will leave the funds in your backup account until we pay the transaction, which may take several days. However, if you use those funds before the transaction is paid there will not be available funds to make the transfer and your checking account may become overdrawn and charged an Insufficient Funds Fee. The available balance for a savings account is determined at the time that we authorize a transaction or at the end of business day processing. The available balance for a business line of credit is determined at the end of the previous business day processing. We are not required to notify you if your funds are available but the backup account becomes blocked, for example if the account is dormant, purged, restricted or not in good standing. *Refer to the section Restricting your account; blocking or delaying transactions* for additional information. Transfers will appear on your statement for both accounts.

## CHASE BUSINESS DEBIT CARD COVERAGE:

---

**WHAT IT IS:** Allows you to choose how we treat your **EVERYDAY DEBIT CARD** transactions. If you don't have Overdraft Protection, or you don't have enough funds in your linked Overdraft Protection backup account, and:

- You select **YES** (default choice), we may pay the overdraft transaction at our discretion based on your account history, deposits you make and the transaction amount. Standard Overdraft Practice fees apply
- You select **NO**, the transaction will be **declined** and you will NOT be charged a fee

**Regardless of your Business Debit Card Coverage decision, if you are enrolled in Overdraft Protection and you have enough money in your linked Overdraft Protection backup account, your transaction will be approved and a transfer will be made.**

---

**WHAT IT PAYS:** Everyday debit card transactions **ONLY**

---

### WHAT IT COSTS:

- **If Paid: \$34 Insufficient Funds Fee per item<sup>2</sup>**
  - Maximum of 6 fees per day, for a total of \$204
  - This fee is not charged if your account balance at the end of the business day is overdrawn by \$5 or less, or for items that are \$5 or less
- **If Declined:** Transaction will NOT go through and you will NOT be charged a fee

**IMPORTANT INFORMATION** – See your Deposit Account Agreement for full details on all products and services.

You can avoid overdrawing your account by making a deposit or transferring funds to cover the overdraft before the business day ends. If you deposit a check, this assumes we do not place a hold and the check is not returned. Here are the cutoff times for some ways of making a deposit or transferring funds from another Chase account:

- At a branch before it closes
- At an ATM or when transferring money on chase.com or Chase Mobile or using Chase QuickPay® with Zelle® before 11 p.m. Eastern Time (8 p.m. Pacific Time)

<sup>3</sup> The Chase Platinum Business Checking account waives one Insufficient Funds Fee and one Returned Item Fee per monthly statement cycle. Returned Deposited Item or Cashed Check Fees are not charged on Chase Platinum Business Checking. Please speak to your banker to learn more.
