### ATM FEES

| Non-Chase ATM (Avoid these fees by using a Chase ATM) | $2.50 for any inquiries, transfers or withdrawals while using a non-Chase ATM in the U.S., Puerto Rico and the U.S. Virgin Islands. Fees from the ATM owner still apply.  
$5 per withdrawal and $2.50 for any transfers or inquiries at ATMs outside the U.S., Puerto Rico and the U.S. Virgin Islands. Fees from the ATM owner still apply. |

### Fees for using your account when you don’t have enough money in it or it’s already overdrawn

| Insufficient Funds: Chase pays an item when your account does not have enough money | $34 for each item (maximum 3 Insufficient Funds and Returned Item Fees per day). |
| Returned Item: Chase returns an item when your account does not have enough money | • We will not charge an Insufficient Funds Fee if your account balance at the end of the business day is overdrawn by $5 or less |
| | • We will not charge these fees for any item that is $5 or less, even if your account balance at the end of the business day is overdrawn |
| | • If we return the same item multiple times, we will only charge you one Returned Item Fee for that item within a 30-day period |
| | • These fees do not apply to withdrawals made at an ATM |
| Extended Overdraft: Charged each time your account is overdrawn 5 or more consecutive business days | $15, even if your account is overdrawn by $5 or less |

You can avoid overdrawing your account by making a deposit or transferring funds to cover the overdraft before the business day ends. If you deposit a check, this assumes we do not place a hold and the check is not returned. Here are the cutoff times for some ways of making a deposit or transferring funds from another Chase account:

• At a branch before it closes
• At an ATM or when using the Transfer Money option on chase.com or Chase Mobile® before 11 p.m. Eastern Time (8 p.m. Pacific Time)
• Using Chase QuickPay® with Zelle® before 10 p.m. Eastern Time (7 p.m. Pacific Time)

**CHASE DEBIT CARD COVERAGE™ AND FEES**
(Please visit www.chase.com/checking/debit-card-coverage for additional details.)

**CHASE COLLEGE CHECKING™**

**Chase Debit Card Coverage:** You can choose how we treat your everyday debit card transactions when you don't have enough money available. Please note: Regardless of which option you choose for Chase Debit Card Coverage, you may also want to sign up for Overdraft Protection if you are eligible. Please visit www.chase.com/OverdraftProtection for more details, including terms and conditions.

**Insufficient Funds**

- $34 for each everyday debit card purchase that overdraws your account (maximum 3 Insufficient Funds Fees per day).
  - We will not charge an Insufficient Funds Fee if your account balance at the end of the business day is overdrawn by $5 or less.
  - We will not charge these fees for any item that is $5 or less, even if your account balance at the end of the business day is overdrawn.
  - This fee does not apply to withdrawals made at an ATM.

**OPTION #2 (NO): No Chase Debit Card Coverage (If you don't choose an option when you open your account, Option #2 (No) is automatically selected for you)**

This means you do not want Chase to approve and pay your everyday debit card transactions when you don't have enough money available (This includes available funds in your linked Overdraft Protection account, if enrolled). Since everyday debit card transactions will be declined when there is not enough money available, you won't be charged an Insufficient Funds Fee for everyday debit card transactions.

You can avoid overdrawing your account by making a deposit or transferring funds to cover the overdraft before the business day ends. If you deposit a check, this assumes we do not place a hold and the check is not returned. Here are the cutoff times for some ways of making a deposit or transferring funds from another Chase account:

- At a branch before it closes
- At an ATM or when using the Transfer Money option on chase.com or Chase Mobile before 11 p.m. Eastern Time (8 p.m. Pacific Time)
- Using Chase QuickPay with Zelle before 10 p.m. Eastern Time (7 p.m. Pacific Time)

**The Order in Which Withdrawals and Deposits Are Processed**

Generally, for each business day we will:

- **FIRST,** add deposits to your account
- **SECOND,** subtract wire transfers, everyday (not recurring) debit card transactions, online banking transactions, ATM withdrawals, teller cash withdrawals, and checks you write that are either cashed or deposited at a teller station by a Chase employee, in the order in which they are authorized, withdrawn, cashed or deposited
- **THIRD,** subtract all other items, including checks you write that are either cashed or deposited at an ATM, starting with those having the highest dollar amount and moving to the lowest. We reserve the right to use a different order in certain states

**When Your Deposits Are Available**

(See Funds Availability Policy in the Deposit Account Agreement for details)

- Cash deposit – Same business day
- Direct deposit/wire transfer – Same business day
- Check deposit – Usually the next business day, but sometimes longer:
  - If you place a longer hold on a check, the first $200 will be available by the next business day.
  - The date your deposit is expected to be available will be displayed on your receipt.
  - In some situations, we may notify you at the time or after your deposit is made that your funds (including the first $200) will not be available for up to seven business days.

A “business day” is a non-holiday weekday. The cutoff times listed in the section above will determine the “business day” for your deposit.

See the next page for other fees that may apply.

1 **Important details about your Chase Debit Card Coverage:** An everyday debit card transaction is a one-time purchase or payment, such as groceries, gasoline or dining out, and includes PIN and non-PIN point-of-sale transactions. We will charge an Insufficient Funds Fee of $34 each time we pay an overdraft created by check, ACH, in-person withdrawal, debit card transaction or other electronic means. We will charge a Returned Item Fee of $34 for any check or ACH transaction that we return unpaid because your account had insufficient funds. The most you would pay is three of these fees per day for insufficient funds or returned items, no matter the number of transactions. If the same item is returned multiple times, only one fee will be charged for that item within a 30-day period. We will not charge an Insufficient Funds Fee if your ending account balance is overdrawn by $5 or less. Additionally, even if your account balance is overdrawn, we will not charge an Insufficient Funds Fee or Returned Item Fee for any items that are $5 or less. Also, each time you account is overdrawn for 5 consecutive business days, we will charge you an additional $15 (Extended Overdraft Fee). Once an overdraft has occurred, you are obligated to bring your account to a positive balance promptly. Whether your overdraft will be paid is at Chase’s discretion, and we reserve the right not to pay. For example, we typically do not pay overdrafts if your account is not in good standing, or you are not making regular deposits, or you have had excessive overdrafts. Whether or not you choose to have your everyday debit card transactions covered, the way we treat your recurring debit card transactions (such as monthly movie rentals, gym memberships or subscriptions) when you don't have enough money in your account will not be affected. We may, at our discretion, authorize and pay a recurring debit card transaction that causes an overdraft and charge an Insufficient Funds Fee.
