

## Overdraft and Overdraft Fee Information for Your Chase Checking Account

### What You Need to Know About Overdrafts and Overdraft Fees

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.
2. We also offer overdraft protection through a link to a Chase savings account, which may be less expensive than our standard overdraft practices. You can contact us to learn more.

This notice explains our standard overdraft practices.

- **What are the standard overdraft practices that come with my account?**

We **do** authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Recurring debit card transactions

We **do not** authorize and pay overdrafts for the following types of transactions, unless you ask us to (see below):

- Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined.

- **What fees will I be charged if Chase pays my overdraft?**

Under our standard overdraft practices:

- If we pay an item, we'll charge you a \$34 Insufficient Funds Fee per item. This fee is not charged if your account balance at the end of the business day is overdrawn by \$5 or less, or for items that are \$5 or less.
- We won't charge more than three Insufficient Funds Fees per day, for a total of \$102.

**We waive fees for some account types:**

- For Chase Sapphire<sup>SM</sup> Checking accounts, we waive the Insufficient Funds and Returned Item fees if you've had four or fewer Insufficient Funds or Returned Item occurrences in the past 12 months.
- For Chase Private Client Checking<sup>SM</sup> accounts, we waive the Chase overdraft fees.

- **What if I want Chase to authorize and pay overdrafts on my everyday debit card transactions?**
