CARD PURCHASE AND WITHDRAWAL LIMITS

Limits are based on the card you use and which type of ATM you use.

Daily Limits				
Card Type	Purchase Limit	Chase In-Branch ATM Limit	Other Chase ATM Limit	Non-Chase ATM Limit
Chase Debit Card	\$3,000	\$3,000	\$1,000	\$500 (\$1,000 for accounts opened in CT, NJ, NY)
Chicago Skyline Debit Card (IL only)	\$3,000	\$3,000	\$1,000	\$500
Premier Platinum Debit Card	\$7,500	\$3,000	\$3,000	\$1,000 (\$2,000 for accounts opened in CT, NJ, NY)
Chase Private Client Debit Card	\$7,500	\$3,000	\$3,000	\$2,000
Better Banking Debit Card Chase Disney Debit Card Premier Debit Card	\$5,000	\$3,000	\$1,000	\$500 (\$1,000 for accounts in CT, NJ, NY)
High School Debit Card	\$400	\$500	\$500	\$400
Access Debit Card	\$400	\$3,000	\$1,000	\$400
Chase ATM Card	N/A	\$3,000	\$1,000	\$300 (\$1,000 for accounts opened in CT, NJ, NY)
Chase High School ATM Card	N/A	\$500	\$500	\$300

These are the standard limits that come with your card, but you can request a different ATM or Purchase Limit (subject to approval).

When you use a Chase ATM it is either considered an In-Branch ATM or Other Chase ATM.

- **Chase In-Branch ATMs** are ATMs located inside the main area of a Chase branch that you use during the branch's posted business hours.
- **Other Chase ATMs** include ATMs located inside the main area of a Chase branch that you use outside of the branch's posted business hours, ATMs that are separated from the main area of a branch by another set of doors, drive-up ATMs and other Chase ATMs not located in or near a branch.

The Chase In-Branch ATM Limit is separate from all other limits, which means that withdrawals at a Chase In-Branch ATM do not count toward your Other Chase ATM or Non-Chase ATM Limits. When you use a Chase In-Branch ATM, all withdrawals made with any of your ATM, debit or prepaid cards count toward every card's Chase In-Branch ATM Limit.

Please note: We have not completed implementing Chase In-Branch ATM Limits for all of our machines. During March–July 2018, some Chase In-Branch ATMs will be considered Other Chase ATMs.

When you use an Other Chase ATM or a Non-Chase ATM, all withdrawals count toward the Other Chase ATM Limits for all of your ATM, debit or prepaid cards, and count toward only that card's Non-Chase ATM Limit.

Special rules for Privileges Cards:

The Privileges Card has monthly limits for ATM withdrawals and purchases, which are set by the account owner (not to exceed \$10,000 for ATM withdrawals and \$50,000 for purchases). Withdrawals at any ATM count toward the monthly limit, and Privileges Card withdrawals do not count toward the account owner's limit on other cards.

CHASE OVERDRAFT SERVICES

An overdraft occurs when you don't have enough money available in your checking account to cover a transaction. We have a Standard Overdraft Practice that comes with Chase Private Client Checking accounts, and also offer Overdraft Protection and Chase Debit Card CoverageSM, which are optional services that can help pay overdrafts when they occur.

STANDARD OVERDRAFT PRACTICE FOR CHASE PRIVATE CLIENT CHECKING ACCOUNTS:

What it is

Our Standard Overdraft Practice may pay overdraft transactions at our discretion based on your account history, the deposits you make and the transaction amount. We do NOT GUARANTEE we will always pay your overdraft transaction, and if we do not pay your transaction, the transaction will be declined or returned unpaid.

What it Pays

- Checks
- Automatic Payments (e.g. recurring phone bill, mortgage or utility bill)
- Recurring debit card purchases (e.g. movie subscriptions or gym memberships)
- NOT COVERED: Everyday debit card transactions (e.g. groceries, gasoline or dining out)

What it Costs

You will not be charged any Insufficient Funds, Returned Item or Extended Overdraft Fees on your Chase Private Client Checking account(s).

Posting Order

The order in which we apply deposits and withdrawals to your account. Generally, for each business day:

- FIRST:** We add your deposits to your account.
- SECOND:** We subtract wire transfers, everyday (not recurring) debit card transactions, online banking transactions, ATM withdrawals, teller cash withdrawals, and checks you write that are either cashed or deposited at a teller station by a Chase employee, in the order in which they are authorized, withdrawn, cashed or deposited.
- THIRD:** We subtract all other items, including checks you write that are either cashed or deposited at an ATM, starting with those having the highest dollar amount and moving to the lowest. We reserve the right to use a different order in certain states.

Knowing Your Balance

Use any of these options to check your balance before you make a purchase. You can:

CHASE OVERDRAFT SERVICES

OVERDRAFT PROTECTION:

What it is

Allows you to link a Chase savings account as an Overdraft Protection backup account to your checking account to help pay any overdraft transactions that may occur. The exact amount needed to cover the transaction will be transferred if enough funds are available.

What it Pays

All transactions

What it Costs

There is not a fee for an Overdraft Protection transfer; however, an Overdraft Protection transfer counts toward savings withdrawal limits:

- **\$5 Savings Withdrawal Limit Fee**, which is a Chase fee, may apply for each withdrawal or transfer over six per monthly statement period. All withdrawals and transfers out of your personal savings account count toward this fee, including those made at a branch or at an ATM when the transfer is made from a Chase savings account other than Chase Private Client Savings
 - **Federal regulations** also limit you to six savings account withdrawals or transfers per monthly statement period. However, this limit does not apply to withdrawals or transfers made in person at a branch or ATM. If you exceed the federal limits on withdrawals, we will notify you and may convert your savings account to a Chase personal checking account
-

CHASE DEBIT CARD COVERAGE:

What it is

Allows you to choose how we treat your EVERYDAY DEBIT CARD transactions. If you don't have Overdraft Protection, or you don't have enough funds in your linked Overdraft Protection backup account, and:

- You select NO, the transaction will be declined
- You select YES, we may pay the overdraft transaction at our discretion based on your account history, the deposits you make and the transaction amount

Regardless of your Debit Card Coverage decision, if you are enrolled in Overdraft Protection and you have enough money in your linked Overdraft Protection backup account, your transaction will be approved and a transfer will be made.

What it Pays

Everyday debit card transactions ONLY. If declined, the transaction will NOT go through.

What it Costs

You will not be charged any Insufficient Funds, Returned Item or Extended Overdraft Fees on your Chase Private Client Checking account(s).
