## Add up money from:

```
Loans
Work-study or job
Family
Other
Other
List the payments you have to make each month-these are not optional.
THE BASICS
Tuition and books
Housing (rent or on campus)
Food/meal plan (if you signed up for one)
Getting around/transportation
```

\$
\$
\$
\$
\$
(1) TOTAL $\$ 0.00$

## BILLS

Cell phone bill
Other bills (Internet or electric if you live off-campus)

## OTHER

| Club dues (academic clubs, fraternity/sorority) | $\$ \_$ |
| :--- | :--- |
| Other | $\$ \_$ |
| Other | $\$ \_$ |

(2) TOTAL $\$ 0.00$

List non-essential expenses. These expenses change from month to month.

## EATING

Groceries
Snacks

## HAVING FUN

Going out (dinner, movies, concerts)
Subscriptions (Netflix, Spotify)
Fitness (memberships, sports, yoga)
Travel
$\qquad$
\$ $\qquad$
\$
\$
\$ $\qquad$

## EVERYTHING ELSE

Taking care of yourself (haircuts, skin care)
\$ $\qquad$
Clothes (laundry, new clothes)
Other

NOW DO THE MATH
TOTAL 1 - 0.00 - TOTAL 2 + TOTAL $3 \$ 0.00=\$ 0.00$
Your total from step (1) should be bigger than the sum of steps 2 and $\mathbf{3}$.
If it is, you're in great shape! If it's not, take another look at your spending in step (3) to see where you can cut back.
Want to talk it through? Stop by a Chase location-we're here to help!
